Robert H. Goldschmidt
Interim Superintendent

September 2017

Dear Parent/Guardian:

The New Jersey School Integrated Pest Management Act of 2002 requires schools to implement a school integrated pest management policy. In accordance with this policy, notification was sent to parents and guardians in March 2017 of the district integrated pest management plan. Attached for your review is an updated notification effective September 2017 through February 2018.

Should you have any questions regarding this notification, please contact Harry Rutter at 856-547-7695 ext. 4172.

Sincerely,

Robert H. Goldschmidt
Interim Superintendent

MISSION STATEMENT

In partnership with our students, families, and communities, the Audubon Public Schools will educate all students by providing motivating and challenging learning experiences embedded in technology that prepare them to achieve the New Jersey Student Learning Standards at all grade levels, in a safe setting of mutual respect, in order to develop ethical, productive citizens who will contribute to the local and global community.

I, Robert H. Goldschmidt, Interim Superintendent of the Audubon School System; Hereby designate Harry Rutter, 350 Edgewood Avenue, Audubon, NJ, phone number 856-547-7695 X4172 as our Integrated Pest Management (IPM) Coordinator.

All requests for pest control must come directly from the designated IPM Coordinator

Signed: 

Superintendent

Date: September 11, 2017

Annual School Integrated Pest Management Notification For Audubon School District

As part of a school pest management plan, *Audubon School District* may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) registers pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

The following is a list of any pesticide(s) in use or used in the last 12 months on school property:

- Maxforce Quantum Ant Bait
- Dupont Advion Roach Gel Bait
- Dupont Advion Ant Gel Bait
- Avert Dry Flowable Roach Bait
- Cyzmic CS
- General Point Source
- Victor Poison Free Mint Spray Wasp & Hornet

Our school district has designated an Integrated Pest Management (IPM) Coordinator, and that Coordinator maintains the product label and material safety data sheet, when available, of each pesticide that may be used on school property. The label and data sheet is available for review by a parent, guardian, staff member, or student attending the school. The IPM Coordinator is available to parents, guardians, and staff members for information and comment.

School District IPM Coordinator:
Harry (Bud) Rutter
Audubon High School
350 Edgewood Ave
Audubon, NJ 08106
856-547-7695 Ext. 4172

Time and place of any meetings to be held to adopt the school Integrated Pest Management Policy:

Policy Adopted – July 21, 2004

Updated 9/17
