

AUDUBON PUBLIC SCHOOLS
Haviland Avenue Elementary School
240 S. Haviland Avenue
Audubon NJ 08106
Phone: 856-546-4922 Fax: 856-547-1248

In partnership with our students, families and communities, the Audubon Public Schools will educate all students by providing motivating and challenging learning experiences that prepare them to achieve the New Jersey Core Curriculum Standards at all grade levels, in a safe setting of mutual respect in order to develop ethical, productive citizens who will contribute to the local and global communities.

September 2017

Dear Parents,

Both elementary schools will again be participating in the aluminum can recycling program to benefit the Delaware Valley Burn Foundation. The program will be sponsored by Audubon Fire Company in conjunction with the schools. We would like to encourage all students to participate in this worthwhile program.

Listed below is information pertaining to the schedule and procedures which are to be followed during the recycling program:

Aluminum cans may be brought to the school on the following dates only:

Friday, September 8 (program begins)
Friday, September 15
Friday, September 22 (program ends)

Cans are to be brought to school in plastic bags and deposited on the school playground by the farthest gates. Bags are not to be brought into the building.

Students who participate in this program are to present a form to their teacher with the following information:

Student's name	Teacher's name	Number of cans	Parent's signature and date
----------------	----------------	----------------	-----------------------------

Since class time will not be used in counting cans, the honor system will be followed. It is most important that the information listed above will be presented to the classroom teacher on the appropriate form. Forms will be distributed to students in the classroom.

An award will be presented to the class and the student collecting the most cans. (Classroom teachers will be keeping a weekly tally of cans brought to school based on the information on the forms.) A pizza party will be held for the class having brought in the most aluminum cans.

If you have any questions, please contact the office at 546-4922.

Sincerely,

Dr. Carleene Slowik
Principal
