

## **Welcome To The Virtual Backpack!!**

The Audubon School District's "Virtual Backpack" is another of our "Go Green" initiatives to save valuable resources by conserving on the use of paper as much as possible.

Each Wednesday all take-home notices will be posted on your school's website. Follow the link "Virtual Backpack". If there is a sign-up sheet for an activity that pertains to your child, please print the document and return it in an envelope. All take-homes will remain on the website throughout the school year for your convenience.

Any information that is of the utmost importance will be printed out and a hard copy will be sent home.

If your group or organization wishes to send home information about an upcoming event in the community through the school year, please visit the "Virtual Backpack" link on the school website for more information.

We are always interested in improving home/school communication. Please do not hesitate to email [cslowik@audubonschools.org](mailto:cslowik@audubonschools.org) to make suggestions for continued improvement!

Thank you,  
Carleene Slowik, Principal
