July 9, 2020

Dear Audubon School Family (Faculty, Parents, Staff, and Students 9 through 12):

We have had a lot of interaction and excellent ideas being shared in our Thoughtexchange:

The result of this Thoughtexchange will help the Reopening Task Force to understand and address your concerns as we develop our plan for the 2020-2021 school year. We need everyone's input so that we understand what's most important to consider for reopening schools in Audubon. Everyone is encouraged to participate. If you have already participated, jump back in and rate some additional thoughts.

Below is one of the 810 comments from our Audubon Reopening Thoughtexchange:

Many parents are not ready to send their children back to school. But many are. Maybe we could offer remote learning to those not comfortable coming back, and get an idea of how many students will be returning and how many wont.

The Audubon Reopening Exchange will be open until noon on Monday July 13, 2020. Follow this link (<https://my.thoughtexchange.com/162157738>) to learn more about the *Thoughtexchange* and to participate in the discussion.

Watch for tomorrow's survey which provides our community with the opportunity to share information for our Audubon Reopening Plan. There is also the option to volunteer for stakeholder committee(s). Through this collaborative work, we will be able to attack and address the complexities surrounding a flexible yet targeted and comprehensive reopening plan. Our plan will provide for instructional options and will be able to respond to changing State directives. Most importantly, the Audubon Reopening Plan will be designed, developed, and implemented in such a way that we meet the unique needs of our students, families, and school community.

There is additional information available on the District website - [COVID-19](#). Please feel free to reach out to me if you have any additional comments, concerns, and/or questions.

Be safe.

Andrew P. Davis, Ed.D.
Superintendent of Schools

In partnership with our students, families, and communities, the Audubon Public Schools will educate all students by providing motivating and challenging learning experiences embedded in technology that prepare them to achieve the New Jersey Student Learning Standards at all grade levels, in a safe setting of mutual respect, in order to develop ethical, productive citizens who will contribute to the local and global community.
